CGS CARE EXPAND

The CGS Care Expand programme offers specialised experiences and excursions across a variety of learning areas. These programmes provide children with the opportunity to foster and enhance skill sets and interests that align with their cultural, creative, physical, and technological intelligence.

All activities commence at 9:00am, however, children may be dropped off between 7:30am to 8:15am at the International Centre Foyer, from 8:15am-9:00am please drop the children off at PS 137. From here, the children will be escorted by CGS Care educators to the area where their activity will commence.

At the completion of each day's activity, the children will be provided with a light afternoon tea on the terrace at the Southside building. This occurs at 3:00pm. Children can be collected from this location until 3:30pm. Educators then separate children into their respective programmes for the remainder of the afternoon in the International Centre.

Use the Xplor Home App to make a booking or email your request to cgscare@cgs.act.edu.au

Childcare subsidy is claimable for all bookings of primary children.

For further information, please contact CGS Care on +61 (2) 6260 9656

ADORE HIGH TEA

Excursion

You are invited to come along in your finest attire as we make our way to Adore Teahouse for High Tea. On arrival, you will receive a welcome Iced Tea before tasting the carefully selected fine foods, which will be paired with a range of locally made teas. Please let the CGS Care team know of any dietary requirements at the time of booking.

AGE GROUP: All ages

MAXIMUM PARTICIPANTS: 9

DATE: Monday 06 July 2026

SESSION 9:00am to 3:00pm

COST \$150 per day

UNIFORM REQUIREMENTS: Blue CGS PE Polo shirt, Jumper or Jacket.

BATH BOMBS

Making bath bombs is a hands-on activity that combines creativity with basic science. Each child will get to mix simple ingredients that are often found in most kitchens, like baking soda, citric acid and essential oils to create colourful, fizzy bath bombs that can be taken home to enjoy or gift. This process encourages teamwork, following instructions and measuring skills, all while sparking curiosity about chemical reactions. It's a great way for children to explore scents and colours while expressing themselves artistically and then getting to enjoy the satisfaction of making their own bath bombs.

CANBERRA TRAMPOLINE GYMNASTICS

Excursion

Canberra Trampoline Gymnastics provides children with an exciting and healthy way to stay active while developing important physical and mental skills. Through regular sessions, children improve their balance, coordination, flexibility, strength, and overall fitness in a safe and supportive environment. Trampoline gymnastics also helps build confidence, discipline, focus, and teamwork as children learn new routines and participate in group activities. The programme encourages children to set goals, overcome challenges, and develop resilience while having fun. With qualified coaches and engaging classes, Canberra Trampoline Gymnastics offers a positive space where children can grow socially, physically, and emotionally through sport and movement.

CANDLE WORKSHOP

A candle-making workshop for children is a fun and creative activity that helps children learn new skills while enjoying hands-on experiences. In the workshop, children can explore different colours, shapes, and fragrances to create their own unique candles. The activity encourages creativity, improves concentration, and develops fine motor skills. Under supervision, children also learn about safety measures and the basic process of melting wax, adding colours, and decorating candles. Such workshops provide an enjoyable environment where children can express their imagination, build confidence, and take home beautiful handmade candles as a memory of their learning experience.

ICE SKATING AND SAN CHURROS

Excursion

Ice skating is an exciting and active way for children to enjoy the winter season while developing their balance, coordination, and confidence on the ice. Whether at a local rink or a seasonal outdoor ice rink, skating offers a fun opportunity for kids to socialise, stay active, and learn a new skill in a safe environment. It also promotes physical fitness and helps build endurance and muscle strength. For many children, ice skating can become a joyful tradition that encourages a love of movement and outdoor play, making it a fantastic recreational activity during colder months. To round off the day, we will venture to San Churros to warm up with a Hot chocolate and Churros.

LEARN THE ART OF KNITTING

Learning to knit helps children develop a wide range of valuable skills that support both their academic growth and personal development. As they learn basic stitches and patterns, children improve their fine motor skills, hand-eye coordination, and concentration. Knitting also encourages patience, perseverance, and problem-solving, since mistakes often need to be identified and corrected step by step. Following patterns can strengthen reading and math abilities through counting, sequencing, and recognising shapes and symbols. In addition, knitting provides a creative outlet that builds confidence and self-expression, while the calming, repetitive motions can help reduce stress and improve mindfulness. Working on knitting projects with others can also teach teamwork, communication, and a sense of community.

NATIONAL ART GALLERY AND PAINTING WORKSHOP

Excursion

Visiting National Gallery of Australia and taking part in a painting workshop back at School will give children the opportunity to deepen their understanding of art through both observation and hands-on creativity. At the gallery, children will explore a variety of artworks, styles, and techniques, helping them develop visual literacy, curiosity, and an appreciation for different cultures and forms of expression. Discussing the artworks can also strengthen their communication and critical thinking skills. Back at school, the painting workshop will allow children to apply what they have observed by experimenting with colour, texture, and composition in their own artwork. This creative process helps build confidence, imagination, fine motor skills, and self-expression, while encouraging children to reflect on and share their ideas in a supportive environment.

MAXIMUM PARTICIPANTS: 9
